

MUNICIPALITY OF AZZANO DECIMO

Nature is the connecting link between the past and present in this town totally projected to the future. Wet pastures, reed thickets, willows, huckbery and artificial pools paint green a strongly human urban fabric. Around the highest bell-tower in the Province, the dwellings gently thin out until reaching the place where Neolithic and Roman evidence is visible. In June the Fiera della musica, an appointment with live rock, is held.
