

MUNICIPALITY OF SACILE

The elegant Venetian architectures that are mirrored in the clear and transparent waters of the Livenza River, the bridges, its enchanting lanes, give this city a special fascination that justifies the definition "Garden of the Serenissima". Every August it hosts the centuries-old Sagra dei Osei (Bird Festival), one of the oldest country fairs in Italy, where the national song-thrush is crowned and a prize awarded to the best imitator of bird-songs.
